## Student Technology Equipment Agreement

In an effort to provide 21st century learning opportunities to students, Blue Ridge ISD has purchased Chromebooks for students to utilize both in and outside of the school setting. If a student wishes to check out one of these devices, the student and parent needs to read the terms below and sign/date this form. A device will only be issued to the student after the form has been received. Once a completed form has been received, students will be able to check out a device.

---

It is the responsibility of a **Blue Ridge ISD** student to provide a safe and secure environment for equipment they are issued. Instances of damage to or loss of equipment work will be reviewed by the principal and Technology Department on a case by case basis. ***Financial responsibility will fall on the student should damage or loss occur.***
